**Sipromac reserves the right to make technical changes without notification*

SIPROMAC INC. manufactures a full line of smokehouses with either modular independent ventilation system or unique centralized balanced ventilation design. Other sizes and capacities as well as custom made cooking houses, steaming houses, and smokehouses are offered with many heating possibilities: electric, steam, direct or indirect gas type heating systems.

Ask us about our other quality products!

For over 20 years, Sipromac has been manufacturing food processing equipment for the meat, poultry, seafood and dairy industries. Our full range of high quality stainless steel equipment includes vacuum chambers (single, double, automatic, and conveyor belt machines), shrink tunnels, injectors, tumblers and massagers, smokehouses and steam boxes, smoke generators, and our latest line of (M.A.P.) tray sealers.
